CV *of* Robert Józef Kusznier

Senior full-stack engineer with deep front-end expertise, 10+ years in web development
Seeking a role with end-to-end ownership

Personal Information

Location	Warsaw, Poland
Education	Degree in Computer Science, University of Warsaw (MIMUW)
Contact	robertjk@mailbox.org · tel. +48 736 814 356 · GitHub · LinkedIn

IT Skills

Front-end	TypeScript · JavaScript · React · CSS · GraphQL · Design systems · Accessibility
Back-end	Python · Django · Node.js · SQL · REST APIs · Rust
Testing	Vitest · Jest · React Testing Library · Cypress · MSW
Tools	Claude Code · Cursor · Vite · ESLint · Storybook · Linux · Git
Practices	Architecture · AI-assisted engineering · Testing · Mentorship · Code review

Other Skills & Interests

Languages	Polish (native) · English (fluent, CAE) · Spanish (upper intermediate)
Traits	Good communicator · Detail-oriented · Constant learner · Honest · Organized
Interests	Meditation and Buddhism · Dogs · Calisthenics · Psychology · Dancing · Tea · Cinema: *Lynch, Tarr, Kieślowski* · Literature: *McCarthy, Vonnegut, Poe* · Music: *Pharoah Sanders, Tom Waits, Aphex Twin, Frank Ocean*

Professional Experience

Oct 2025 – May 2026 — **Senior Software Engineer** at **Invisible** (*Poland/United States, remote*)

- Developed the core of an enterprise process automation platform for clients like Google, Meta, OpenAI: the React/TypeScript front-end for modelling processes and the back-end orchestrator executing them
- Built back-end process steps in Python, the platform's building blocks, e.g. Microsoft Teams and Google Drive integrations
- Helped model client workflows, leveraging LLM-powered steps throughout
- Proposed Feature-Sliced Design front-end architecture, recommended by the team for company-wide adoption
- Applied AI-assisted engineering across the full development cycle: ~80% of code AI-assisted, backed by extensive unit, integration and E2E test coverage

Python · TypeScript · React · Django · Cursor · Claude · Shadcn · Vitest · React Testing Library · Cypress

Apr 2024 – Jun 2025 **Senior Software Engineer** at **Apollo.io** (*Poland/United States, remote*)

- Developed the design system of Apollo's go-to-market app, used by ~15 product teams, as part of a newly formed dedicated team
- Fixed 2,000+ linting errors across the front-end monorepo shared by all teams, partly by aligning browser support targets with real usage data, and enabled linter enforcement in CI
- Helped define the team's practices (workflow, contributions, documentation) and incrementally migrate components to a new major version
- Built accessible components on top of Ariakit, documented in Storybook
- Reviewed design system contributions from my own and other product teams, keeping quality and component APIs consistent

TypeScript · React · Ariakit · Storybook · Vitest · React Testing Library · Cypress

Jan 2023 – Mar 2024 **Senior Software Engineer** at **GRID** (*Poland/Germany, remote*)

- Developed a flexible app for gathering and visualizing esports data across games like LoL, Dota 2, CS2
- Shaped front-end architecture: library selection, project standards; proposed new file-structure conventions for a 2,000+ file codebase
- Interviewed engineering candidates and helped refine the hiring process

TypeScript · React · GraphQL · CSS · Jest · React Testing Library · MSW

Jun 2021 – Dec 2022 **Senior Software Engineer** at **Box** (*Warsaw, Poland*)

- Built full-stack onboarding features for thousands of new users every month, e.g. in-app tutorials and guided tooltips
- Shipped changes as A/B experiments in an in-house framework, validating their impact on product metrics
- Created and ran CSS workshops on my own initiative, attended by people from multiple teams
- Conducted technical interviews for engineering candidates

JavaScript · React · PHP · CSS · SQL

Jul 2019 – Mar 2021 **Front-end Engineer** at **Credijusto** (*Mexico City, Mexico*)

- Rewrote the company website to improve the code base and performance
- Collaborated on a design system, including a UI components library
- Developed a client portal web app
- Developed a website integration with UberEats
- Organized CSS workshops to teach other developers CSS
- Worked on JavaScript and CSS standards for the company

JavaScript · React · Gatsby · CSS · Styled Components · CSS Modules

Jan 2019 – Jun 2019 **Full-stack Engineer** at **UnDosTres** (*Mexico City, Mexico*)

- Developed a hybrid desktop-mobile payment app
- Helped other developers to solve front-end problems

PHP · JavaScript · CSS · Google Tag Manager

Feb 2017 – Dec 2018 **Front-end Engineer** at **NASK** (*Warsaw, Poland*)

- Led front-end and successfully launched lektury.gov.pl, a government service providing ~700 free e-books to Polish schoolchildren
- Developed an app monitoring the cybersecurity of critical Polish institutions, along with creating a custom UI component library
- Created an interface for searching a large database of cyber security incidents
- Helped other developers to solve front-end problems

JavaScript · TypeScript · Vue · Angular 2 · AngularJS · CSS · Sass · Webpack

May 2016 – Jan 2017 **Full-stack Developer** at **Radgost** (*Warsaw, Poland*)

- Developed an accounting app and its RESTful API

Ruby · Ruby on Rails · CSS · HTML

Apr 2015 – Apr 2016 **Front-end Developer** at **Voyage Control** (*London, England*)

- Rewrote and reorganized the whole CSS code base
- Taught CSS to other developers
- Developed a logistics web app
- Developed some back-end features, e.g. generation of PDF documents

AngularJS · CSS · Sass · HTML · Grunt

Nov 2013 – Feb 2015 **Web Developer** at **Efinity** (*Warsaw, Poland*)

- Developed a Java web app for the insurance industry
- Created new app's themes with CSS
- Created printable reports with HTML and CSS
- Created web pages: company page, landing page for a separate project, small pages dedicated for newsletters
- Wrote company's HTML newsletters
- Queried/modified the information in databases

CSS · Sass · JavaScript · jQuery · HTML · SQL · Java

I consent to the processing of the personal data contained in this document for the purposes of the recruitment process for the position I am applying for, in accordance with Article 6(1)(a) of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation). I am aware that I may withdraw my consent at any time.
